Whether you're about to embark on a complete overhaul of where you sleep or just want to add a few key details, this gallery is full of inspiration on how to refresh your space. From the vibrant and colourful to the neutral and modern, we've gathered up 20 of our favourites from members of our indispensable online guide, [The List by House & Garden](#). Be sure to click the link in each caption to learn more about the designers who put it together on their List profile.

Astrid Templier

Oakley Moore Interior Design layered patterned soft furnishings with natural cane and rattan finishes to create a bedroom scheme that oozes femininity.
